Women's World Day of Prayer- Friday March 7th.

Women's World Day of Prayer is a worldwide movement led by Christian women of many traditions, who come together to observe a common day of prayer each year. The service for the World Day of Prayer for this year was prepared by the women of Egypt; the theme is "Streams in the Desert".

We are invited to think about our own lives and where we recognise streams in our own deserts; places and moments where God is actively at work.
